Section 1 – Introduction

This directory provides a list of MCC of VA (HMO SNP)’s network providers and pharmacies. To get detailed information about your healthcare and prescription drug coverage, including how to fill your prescriptions, please see your Evidence of Coverage (EOC) and plan Formulary.

Network Providers: You will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your healthcare services from your PCP. Your PCP is a licensed physician or nurse practitioner who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. He or she will also coordinate the rest of the covered services you get as a member of our plan. In some cases, your PCP will need to get prior authorization (preapproval) from our plan for services or make a referral for you to see a specialist.

You may choose any PCP listed in the book that is accepting new patients. Look for the ♦ symbol located in the PCP listing.

To get the most up-to-date information about the MCC of VA (HMO SNP) network of providers in your area, visit our website at https://www.mccofva.com/dsnp or call Member Services at 1-800-424-4495 (TTY 711).

The network providers listed in this directory have agreed to provide you with your healthcare services. You may go to any of our network providers listed in this directory; however, some services may require a referral or prior authorization. In some cases, you may get covered services from non-network providers. However, unless it is an emergency, it’s important to get prior authorization from us before you see an out-of-network (OON) provider. If you don’t get prior approval, we may not cover services you receive. If you get approval to see an OON provider and he or she wants you to come back for more care, you should first check to make sure the approval covers more than one visit to the OON provider.

If you see an OON provider, you may get a bill from the provider for the full cost of the medical care you received. You should send this bill to us instead of paying it. We will look at the bill and decide if the services should be covered. If so, we will pay the provider directly. If you have already paid a bill, send the bill along with documentation of your payment and ask us to pay you back. Mail your request for reimbursement along with any bills or receipts to:

If you have questions, contact Member Services.
If you need emergency care, you should go to the closest emergency room anywhere in the United States or its territories. In an emergency, get care immediately. You do not need to call your PCP or get prior authorization. Dial 911 for immediate help or go directly to the nearest ER, hospital or urgent care center. Our plan covers ambulance services in situations where getting to the emergency room any other way could endanger your health. Emergency care can always be received in or out of the service area.

A situation is considered a “medical emergency” if you reasonably believe that your health is in serious danger. It means that every second counts. Some examples are severe pain, a bad injury, serious illness or a medical condition that is getting worse.

The doctors providing your emergency care will decide when your condition is stable and the medical emergency is over. When that happens, you are entitled to follow-up care to be sure your condition continues to be stable. We will try to arrange for in-network providers to take over your care as soon as your condition and the circumstances allow.

Urgent care is “urgently needed care” that is not an emergency but is an unforeseen illness, injury or condition that requires immediate medical care. This could be a flare-up of a known condition like a chronic skin condition. When you’re outside the services area and cannot get care from a network provider, we will cover urgently needed care you get from an OON provider.

You must use network providers except in an emergency or urgent care situation or for out-of-area renal dialysis. If you get routine care from an OON provider, neither Medicare nor MCC of VA (HMO SNP) will be responsible for the costs.

We will not cover care, including urgent or emergency care, you receive outside of the United States.

Network Pharmacies: We call the pharmacies in this list our network pharmacies because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered only if they are filled at a network pharmacy or through our mail-order pharmacy service. You can get prescription drugs shipped to your home through our network mail-order delivery program. For more information, please contact us or see the mail-order section of this directory.

You may go to any pharmacy in our network and you can switch pharmacies at any time. Under certain circumstances, we may fill prescriptions at OON pharmacies. Refer to your Evidence of Coverage (EOC) for more information.

Not all network pharmacies may be listed in this directory. Some may have been added or removed since this list was printed. This list is current as of 10/01/2020. For the most current list, please visit our website or call Member Services.
